ombardment of Dougument and

Vaux. "On the left bank of the River

Meuse the Germans yesterday evening delivered an attack against our positions at Le Morte Homme. This activity was accompanied by the use of flaming liquids. The stack was made from the Corbeaux wood and was checked by our curtains of fire and the fire of our infantry, except on the east, where the enemy secured a footing in a few small elements of trenches.

"On the right bank of the Meuse the Germans endeavored last night to expel us from the trenches taken by us during the past few days to the south of the village of Douaumont. This endeavor also saw the Germans making use of jets of flaming liquids. It was met with a sanguinary

"There has been a violent bombardment to the region of Douaumont and Vaux and in the Woevre district there have been some outbursts of artillery fire. The night passed quietly on the remainder of the front.

"This morning a French air silot vanquished a German aeroplane which fell within our lines near Badoenviller. The two enemy aviators were killed."

The object of the present operations is Dead Man's Hill, which bars the way of the Germans to a further dvance west of the river. The operations began yesterday, when two German divisions were launched from Bethincourt and Haucourt against Hill 304, on the left of Dead Man's Hill, while two divisions attacked at the same time in the direction of Hill 295, between Dead Man's Hill and Cumieres. (This means there were

#### DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Bays we will both look and feel clean, sweet and fresh and avoid Iliness.

Sanitary science has of late made rapid strides, with results that are of untold blessing to humanity. The latest application of its untiring research ary to attend to internal sanita- resumed. of the drainage system of the hu-

ose of us who are accustomed to

well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone physphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, aweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of het water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermontations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume

your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions, are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make any one a pronounced crank on the subject of internal sanitation.—Advt.

by the Turks.

LONDON, April 11.—Increasing force of the coday for the safety of Gen. Townshend's force of 10,000 troops, besieged by the Turks at Kut-el-Amara, in Mesopotamia.

Townshend has now been cooped in by the Turks for exactly four months, and it is believed his dwinding supplies are rapidly reaching the point of exhaustion. Official despatches report the failure of the relief expedition to break through the Turksh for exactly four months, and it is believed his dwinding supplies are rapidly reaching the point of exhaustion.
